WHAT IS A HEALTHY CHURCH?

CASE STUDY: STORY OF AN UNHEALTHY CHURCH

When Hosanna Church was first planted, it began with conflicts and hurts. According to the church's history, the decision to plant Hosanna Church came from conflicts between one faction of a congregation who respected its retired senior pastor and another faction loyal to the current senior pastor. Finally, the denomination decided to separate the congregation into two churches. One of the new congregations, over time, took the name Hosanna Church. Pastor Lee was chosen to be the first senior pastor of one of the new congregations. Quickly he encountered conflicts with church elders who then left the church with some members.

In this church, every elder was over 55 years old. Both young adults and youth had a strong distrust of the church leadership. This distrust was one reason why the Hosanna Church separated from the former congregation. Hosanna Church did not easily accept changes in the direction of revitalization. As the composition of the church membership aged, Hosanna Church found it even more difficult to make the necessary changes to be a vital congregation.

The traditional worship style was a big problem, because only the older church members appreciated it. The sanctuary had a capacity of about 1,000 attendees, but Sunday worship service attendance averaged 200 worshippers. These problems were the tip of the iceberg.

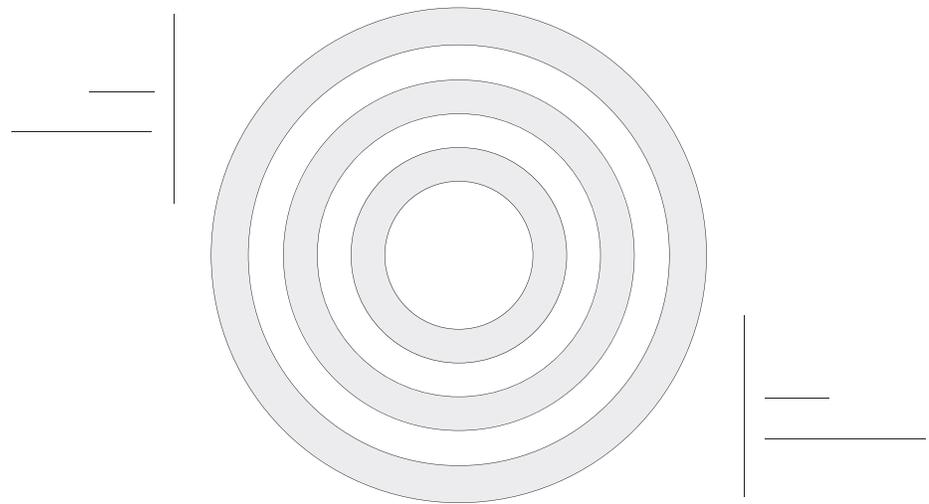

The church's financial condition was bad. In winter, they did not use the heater because of the church's poor financial condition. During summers there was the same problem regarding the air conditioner. The church was in debt. What was worse, the church leadership did not commit to tithe. Follow-up systems for converts were nonexistent. Small groups were just formal groups for women and other small groups for church

members. These groups were not reproducing through evangelism. Continual troubles, separation, and unfaithfulness to each other were the substance of Hosanna Church. This summarizes the sad condition of Hosanna Church before it entered into a revitalization process to regain its health.

Small Group Activity: I Remember When . . .

I remember when [name the experience] happened;

It made me feel [name the emotion],

So I [name an action taken because of the experience],

Because [why you took the action].

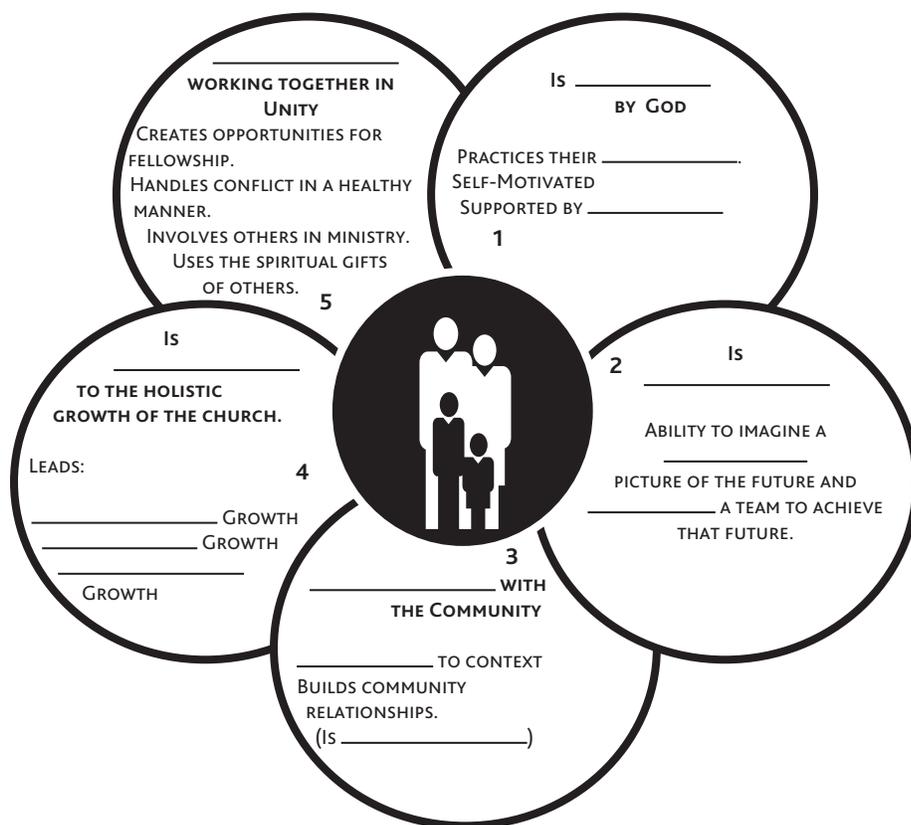

Healthy Church experience example: I remember when my pastor took time to disciple me; it made me feel like I was important to him and to the church, so I volunteered to teach a new members class because I wanted our new members to know they, too, are important to the church.

Unhealthy Church experience example: I remember when I visited a church in my neighborhood and no one greeted me; it made me feel like no one cared about me, so I never went back to that church because I want to be in a church that cares for everyone.

Optional Activity Instructions:

- Use the self-assessment score sheet below to go deeper in analyzing your readiness to begin planting a church.

Assessing My Confidence Level for Church Planting Score Sheet*

Low Confidence	Some Confidence	High Confidence	Total Score
In the box below, list the number of each question to which you responded "Low Confidence." Example: 1, 6, 7	In the box below, list the number of each question to which you responded "Some Confidence." Example: 2, 8, 10.	In the box below, list the number of each question to which you responded "High Confidence." Example: 3, 11, 15	
In the box below, write the total number of questions to which you responded "Low Confidence." For example, if you responded to 3 questions with "Low Confidence" write the number "3" in the box.	In the box below, write the total number of questions to which you responded "Some Confidence" and multiply that number by 2. For example, if you responded to 3 questions with "Some Confidence," multiply 3 x 2 and write the number "6" in the box.	In the box below, write the total number of questions to which you responded "High Confidence" and multiply that number by 3. For example, if you responded to 3 questions with "High Confidence," multiply 3 x 3 and write the number "9" in the box.	In the box below, write the sum of the Low + Some + High Confidence scores. For example, if your scores were Low = 3, Some = 6, and High = 9, your total score would be 3+6+9 = 18

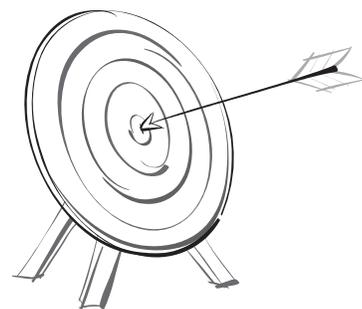

Score Ranges:

Overall Low Confidence: 15-25

Overall Some Confidence: 26-35

Overall High Confidence: 36-46

- Examine the questions that you grouped together in the three confidence levels. Do you find any patterns among these questions?
- Consider your overall confidence level score. How does the mix of the three confidence levels contribute to your total score? What does this suggest to you concerning your readiness to plant a church?

*Please note this self-assessment is a tool, which aids the church planter to reflect on his or her readiness for the church planting task. The tool is not a predictor of success or lack of success as a church planter. Rather, it opens the door for self-reflection and productive dialogue with one's fellow church planters and one's church planting facilitator, mentor, or supervisor.

SESSION 3

“Z” THINKING: WHAT DOES GOD WANT?

WHAT IS “Z” THINKING?

“Z” is the _____ of what God ultimately wants for a nation, region, city, village, or neighborhood. “Z” is used because it is at the end of the English alphabet—the final or ultimate letter, just as Omega ends the Greek alphabet.

Read:

Isaiah 11:9; 65:12-25; Revelation 21:1-4, 22-27; 22:1-5

Reflect:

- How do these texts describe the “end-game” (the ultimate end that God wants)?
- What is the danger of only focusing on heaven and not on the new earth?

Read:

Mark 13:10	Matthew 24:14	John 3:16
1 Timothy 2:3-4	Luke 24:45-47	2 Peter 3:9
Colossians 1:6	2 Corinthians 5:9	

Reflect:

- What do these verses tell us about God's plan for reaching out with the gospel?
- What are some of the ways God achieves His desired end result?
- What is the number one instrument that God uses in achieving His desired end result?
- Is there another means God is using more effectively today?

Read:

Matthew 28:18-20	Acts 1:8	Ephesians 3:10
------------------	----------	----------------

Reflect:

- What do these verses tell us about our work in fulfilling God's desire for the world?

SOME ESSENTIAL STEPS TO GET TO "Z"

A. Prayer | 2 Chronicles 7:14, Matthew 9:38

What should we pray for in our quest to achieve "Z"?

B. Love and Unity | John 13:35, John 17:20-23

Why is love and unity essential to achieving "Z"?

C. Vision | John 3:16, 1 John 2:2, Matthew 9:37

What do these verses tell us about God's vision?

D. Evangelism | Romans 10:14-15

How can we find opportunities to witness to unbelievers in our area?
How do believers reach beyond their circle of other believing friends to unbelievers?

E. Church Planting | Ephesians 3:8-11, Ephesians 4:11-13

What does God want his people to be doing?

When a new church is planted, people are reached in the surrounding neighborhood that would not have been reached with the gospel without a new church. What are some reasons this happens? If you know of a case of this occurring, tell the group about it and discuss what happened.

“Z” THINKING RESULTS IN “Z” ACTION

Two actions that result from “Z” thinking are “Z” _____ and “Z” _____.

1. What are some strategic questions that must be answered for church planting to occur?
2. What are some plans that need to be made as a church progresses toward planting a new church?

ACTION PLAN FOR MODULE 2: YOUR “Z” PLAN

Assignment:

1. Prepare or obtain a map of your city or village where you plan to plant a church. Locate as many evangelical churches in your city or village as you can and indicate their approximate sizes on the map. Find out the population of the city or village.

Christian leaders have said that for a country to have church “saturation,” it must have one evangelical church for every 1,000 people. If we accept the idea that there should be one church for every 1,000 people, how many more churches do you think need to be planted in the city or village where you intend to plant a church?

2. Begin thinking about a plan for your church planting effort that includes prayer, unity and love, vision, evangelism, and church planting. Write down some initial ideas and share them with your mentor or the trainer of this session.
3. Think about your neighborhood, village, city, region, or country. Consider your answer to the questions:
 - “What does God want for _____ (name city, village, or neighborhood where you plan to plant a church)? Write the answer in one paragraph.
 - List three things that you will do to help see “Z” happen in your area.

Getting to "Z Giving"!

Read:

2 Corinthians 8:7; 2 Corinthians. 9:6-7

How can we be assured that the funds needed for church planting will be given?

TWO PRINCIPLES IN FUNDING A CHURCH PLANT

1. _____
2. _____

Read:

Philippians 4:6-7; 4:11-13, 4:19

Ways to Finance a New Church Plant

1. Support from the _____ church
2. Support from the _____, _____, or _____

THE CHURCH PLANTING CYCLE

SESSION 4

THE CHURCH PLANTING CYCLE

PHASE I: PRAYER (Luke 10:2, Ephesians 6:18-19, Colossians. 4:2-4)

ACTIVITIES:

- Begin with prayer.
- Locate the group with whom you will do evangelism and church planting.
- Pray for those who will help and for yourself.

KEY ISSUES

- What is my personal harvest field? What does God want from me in my area?
- What are things about the calling and vision that God is giving me that are different from those He is giving other people?

- Who is going to help?
- Who should I pray for? What should I pray for?
- What should I ask God to do in my own service to him?

PHASE II: EVANGELIZE (1 Corinthians 9:19-23; Acts 1:8)

ACTIVITIES:

- Contact key leaders and build relationships.
- Evangelize the lost.
- Start evangelistic group Bible studies.
- Show the new believers how to do ministry by the way you do it.

KEY ISSUES:

- What evangelistic methods are most effective for us to reach our goals?
- How do we make contacts with key leaders? Who are they?
- How do we find them?
- How do we train new believers to be witnesses to their friends and family?
- How do we find out who the friends of the new believers are and begin evangelizing them?

PHASE III: MAKE DISCIPLES (1 Thessalonians 5:11; Matthew 28:18-20)

ACTIVITIES:

- Disciple new believers.
- Mentor emerging leaders.
- Teach obedience and commitment to the Lord.
- Encourage believers to become like Christ.
- Teach new believers to obey Christ.

KEY ISSUES:

- How to develop and disciple a group of people?
- How to model effective leadership?

PHASE IV: GATHER TOGETHER (Hebrews 10:24-25)**ACTIVITIES:**

- Expand evangelism efforts through the network of friends.
- Multiply cell groups by having each cell group work toward starting other groups.
- Begin ongoing regular worship.

KEY ISSUES:

- How will new cell group leaders be trained and released?
- When do we baptize new believers? When and who gives them communion?
- How will we establish a close fellowship of believers? How will new believers be brought into the fellowship?
- When we gather, where do we meet? How do we invite people?
- What forms will we use to reach our intended purpose?
- What style of worship will we use?

PHASE V: DEVELOP LEADERS (2Timothy 2:2)**ACTIVITIES:**

- Build a profile of leaders needed in each area of ministry.
- Find and write down the spiritual gifts of all members.
- Train cell group leaders.
- Assign and release leaders to ministry.
- Organize the structure and ministry positions you envision for the ministry.
- Follow-up with leaders to provide support.

KEY ISSUES

- How do we get new believers to discover their spiritual gifts? Who will train them?
- What are the areas of training that are needed? Where and how will this training be provided?
- Who are the potential key leaders? What are their gifts and abilities? Are they faithful, serving people?
- Where will those trained have a ministry? What are the basic needs and issues in that area? When will their ministry in that area begin? To whom will they report? What is their job description?

PHASE VI: MULTIPLY (Acts 1:8)**ACTIVITIES:**

- Coach leaders to form church planting teams.
- Train workers for several different kinds of ministries involved in church planting.
- Research new regions where people feel led to start ministry.
- Plan and conduct evangelistic efforts in new regions.
- Establish and appoint leaders for the ministry who will work with us.

KEY ISSUES:

- What research needs to be done? Who will do it? Are there people groups nearby that are still unreached with the gospel? Are there potential leaders among them who can be trained?
- What goals need to be set and made available to the appropriate persons? Who is heading up the prayer effort to support this ministry?
- Who assigns and oversees all new church planting ministries?
- Do we need any additional training ministries to train different levels of leadership for this movement? Who will do the training? How will it be financed?

PHASE VII: MOVEMENT (Isaiah 11:9)**ACTIVITIES:**

- Cover all people groups of the country.
- Establish guidelines for the increase of the movement.
- Determine cross-cultural mission projects the groups will sponsor.
- Conduct prayer and praise rallies.
- Set regional and/or national goals.
- Establish higher levels of training for key leaders of the movement.

KEY ISSUES:

- Is the movement self-developing, self-supporting, and self-governing? If not, what needs to be done to make sure that it is?
- What regions or peoples are still unreached? What mission projects is the Lord leading us to initiate?

- What kinds of training are needed for the movement? How will it be supported?
- Who are the “apostle-type” leaders for the movement? How can we work together with them? How can we encourage and support them? What are their needs?

Large Group Reporting

1. What are the benefits of small groups for developing leaders?
2. Based on all we have learned in this session, how do you summarize the benefits of small groups for church planting?

LETTING THE BIBLE TEACH US

SESSION 6

INDUCTIVE BIBLE STUDY METHODS, PART 1

Inductive vs. Deductive (2 Tim. 2:15)

1. The Deductive Approach

I. Deductive Reasoning

We _____ with a known and accepted idea and take from it (“deduce”) a _____.

II. Deductive Bible Study

The teacher states a general rule that in the New Testament, yeast (or leaven) many times refers to sin. When we read Matthew 13:33 we assume that yeast refers to sin. Read the passage. Does yeast refer to sin here?

III. A “Typical” Method

Bible teachers often know what they want to say, and simply come to the Bible to find a verse that seems to support their understanding. Why would this create a danger for misunderstanding the true meaning of the passage?

2. The Inductive Approach

I. Inductive Reasoning

We _____ the facts closely in order to try to understand what the facts mean.

II. Inductive Bible Study

We carefully examine the _____ and _____ of Matthew 13:33 to determine what the word “yeast” or “leaven” is referring to.

III. Inductive is a Better Method

When helping people discover the the truths the Bible as they study, the inductive method is a good choice.

STEPS OF INDUCTIVE BIBLE STUDY

- A. _____ – What does it *say*?
- B. _____ – What does it *mean*?
- C. _____ – What should I *do*?

TIPS FOR INDUCTIVE BIBLE STUDY

Build a solid foundation.- This begins with thorough _____ . Carefully examine the content of the passage to determine its true meaning so that one can make a valid application.

Take adequate _____ for the study.- Do not rush by beginning with a quick reading and assuming that you know what it means. Do not make a hasty and questionable application of what it teaches.

A MODEL INDUCTIVE BIBLE STUDY ON JOHN 1:1-5

John 1:1-5

AN INDUCTIVE BIBLE STUDY

A. - Observation: What does the passage say?

B. - Interpretation: What does the passage mean?

C. - Application: What should I/we do?

Action Plan for Module 2: Personal Inductive Bible Study

In preparation for the next inductive Bible study lesson on observation, pick a sample short passage of Scripture to study (no more than a paragraph or so). Spend at least 1 hour prayerfully observing the passage and asking God to open your eyes to things that you have not yet seen. Record your observations. What did you learn? Be prepared to share your experience with your colleagues at the next training session.

WHAT IS NEXT?

Before you come to the next module, we recommend you do the following:

- » Make 10 new contacts.
- » Present the gospel to 5 people.
- » Start one new small group.

Action Plan for Module #2: Checklist

- » Complete the "Z" Plan assignment (see Session 3).
- » Take time to do an inductive Bible study (see Session 6).
